1 Identification

- · Product identifier
- · Trade name: 756 PURE MAROON
- · Article number: 756
- · Details of the supplier of the safety data sheet

• Manufacturer/Supplier: General Paint Co. SAL P.O. Box 7623 Beirut LEBANON info@generalpaint.biz

· Information department: Product safety department

• Emergency telephone number: 1-800-535-5053

2 Hazard(s) identification

· Classification of the substance or mixture

GHS02 Flame

Flam. Liq. 3 H226 Flammable liquid and vapor.

GHS08 Health hazard

Carc. 2H351 Suspected of causing cancer.STOT RE 2H373 May cause damage to the hearing organs through prolonged or repeated exposure.

STOT SE 3 H336 May cause drowsiness or dizziness.

Label elements

 GHS label elements The product is classified and labeled according to the Globally Harmonized System (GHS).
 Hazard pictograms

· Signal word Warning

- Hazard-determining components of labeling: n-butyl acetate ethylbenzene Solvent naphtha (petroleum), light arom.
- Hazard statements Flammable liquid and vapor. Suspected of causing cancer.

May cause drowsiness or dizziness.	
May cause damage to the hearing organs through prolonged or repeated exposul • Precautionary statements	e.
Keep away from heat/sparks/open flames/hot surfaces No smoking.	
Use explosion-proof electrical/ventilating/lighting/equipment.	
Do not breathe dust/fume/gas/mist/vapors/spray.	
Wear protective gloves / eye protection / face protection.	
Ground/bond container and receiving equipment.	
Use only non-sparking tools.	
Take precautionary measures against static discharge.	
Use only outdoors or in a well-ventilated area.	
Obtain special instructions before use.	
Do not handle until all safety precautions have been read and understood.	
IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing.	Rinse skin with water/
shower.	
IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable	e for breathing.
Call a poison center/doctor if you feel unwell.	5
IF exposed or concerned: Get medical advice/attention.	
Get medical advice/attention if you feel unwell.	
In case of fire: Use for extinction: CO2, powder or water spray.	
Store locked up.	
Store in a well-ventilated place. Keep container tightly closed.	
Store in a well-ventilated place. Keep cool.	
Dispose of contents/container in accordance with local/regional/national/internation	onal regulations.

4 First-aid measures

- · Description of first aid measures
- · After inhalation: Supply fresh air; consult doctor in case of complaints.
- · After skin contact: Immediately rinse with water.
- After eye contact: Rinse opened eye for several minutes under running water.
- · After swallowing: If symptoms persist consult doctor.
- Information for doctor:
- **Most important symptoms and effects, both acute and delayed** No further relevant information available.
- · Indication of any immediate medical attention and special treatment needed No further relevant information available.

5 Fire-fighting measures

- · Extinguishing media
- · Suitable extinguishing agents: CO2, sand, extinguishing powder. Do not use water.
- · For safety reasons unsuitable extinguishing agents: Water with full jet
- · Special hazards arising from the substance or mixture No further relevant information available.
- · Advice for firefighters
- · Protective equipment: No special measures required.

6 Accidental release measures

- Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away.
- Environmental precautions:
 Do not allow product to reach sewage system or any water course.
 Inform respective authorities in case of seepage into water course or sewage system.
- Do not allow to enter sewers/ surface or ground water.
- Methods and material for containment and cleaning up: Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Do not flush with water or aqueous cleansing agents
- Reference to other sections
 See Section 7 for information on safe handling.
 See Section 8 for information on personal protection equipment.
 See Section 13 for disposal information.

7 Handling and storage

- · Handling:
- · Precautions for safe handling No special precautions are necessary if used correctly.
- Information about protection against explosions and fires: Keep ignition sources away - Do not smoke.
- Protect against electrostatic charges.
- · Conditions for safe storage, including any incompatibilities
- · Storage:
- · Requirements to be met by storerooms and receptacles: No special requirements.

Personal protective equipment:
General protective and hygienic measures: Keep away from foodstuffs, beverages and feed. Wash hands before breaks and at the end of work.
Breathing equipment: Not required.
Protection of hands: The glove material has to be impermeable and resistant to the product/ the substance/ the preparation. Due to missing tests no recommendation to the glove material can be given for the product/ the preparation/ the chemical mixture. Selection of the glove material on consideration of the penetration times, rates of diffusion and the

Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation

• Material of gloves

The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. As the product is a preparation of several substances, the resistance of the glove material can not be calculated in advance and has therefore to be checked prior to the application.

Penetration time of glove material

The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.
